# Vegetable and Flower Seeds

## GRAINGER BROTHERS

Growers and Importers .... Deer Park Conservatories .... Toronto, Ont.

### ...NOTE THIS...

THE seed we offer this season is, for the most part, either grown by ourselves or by noted specialists; what we offer of imported stock has been purchased from the most reliable growers, and is of the first quality only.

We have reduced the size and price of our Trade Packets in many cases, as we find that very many of our customers do not require such large quantities. Should still smaller amounts be required two retail packets will be sent for the price of one.

We send free by mail all seeds priced by the TRADE PACKET or OUNCE. Four cents per pound must be added to those priced by the pound to prepay the postage.

We call special attention to our choice strains of Asters, Cyclamen, Cineraria, Centaurea, Mignonette, Nasturtiums, Pansy, Petunia, Phlox, Stocks, Verbena, and Sweet Peas, which are acknowledged by leading growers to be superior in all respects.

Note.—As the prices of several articles listed are subject to change as the season advances, we will be pleased to quote lowest rates at any time on any article offered by any reliable firm.

### CONDITIONS OF SALE.

While we exercise the greatest care to have all seeds pure and reliable, we do not give any warranty, expressed or implied, and will not be in any way responsible for the crop, nor for any loss or damage arising from any failure thereof in any respect. If the purchaser does not accept the seeds on these terms and conditions, they must be returned at once, and the money that has been paid for same will be refunded.

## FLORISTS FLOWER SEEDS

### ASTER

THE Aster Seed we offer this season is fresh, and saved from the best selected blooms, and the quality is very high. If you grow Asters at all, it will pay you to note our prices, and if you have never tried our strain of home-grown seeds, get a trial packet.

Samples gladly sent free to intending purchasers in the Trade.

Remember we have taken First Prize for the Best Collection of Asters at the Toronto Industrial Exhibition for the last five years.
